We are a well established venue used to housing both professional and fringe productions. For the Camden Fringe we are programming comedy, poetry and music or similar genres only; we cannot house full theatre productions.

There is a room separate from the main bar for your use, with raised platform area 10ft x 5 ft, digital projector and screen, theatre lighting by zero88, sound and separate speaker system with control booth to the side of the audience area.

A fully tuned, 4 year old upright piano can be hired.

The room seats 50 in a mixture of cabaret and theatre-style seating.

Stage must be cleared after each performance and we have no storage for sets or props overnight.

There may be some noise bleed from main bar, but we are a late night venue so this is minimal during day and early evening performances.

We can process credit card sales on your behalf.

Space is available for rehearsals for £20ph from 10am – 3pm.

Performance slots available until 8pm (9pm finish) Sunday-Wednesday, 1 hour slots, can booked in multiples.

The venue is a private members club serving the Theatrical, Literary and Creative industries – you never know who might be in the audience!
