The iconic WATER RATS is taking part in the Camden Fringe for a fourth year.

As well as a busy live music schedule, the “small theatre” style of the venue lends itself perfectly to spoken word and performance art events. We have regular comedy from top promoters Amused Moose who have brought us many acts including Mark Dolan (*Balls of Steel*), Show and Tell presenting Bridget Christie, book launches from publishers *Penned in the Margins* and author Gary Shail, and theatre from Simon Mason courtesy of Outside Edge Productions.

The venue has undergone a top to bottom refurbishment.

- There is a high end PA system, large stage and proper stage lighting rig.
- Live musical performance is welcome. There is no keyboard or piano at the venue.
- 200 capacity standing / 100 capacity tiered seating / 60 capacity cabaret style (chairs around tables).
- Chairs are provided and there is no charge for them.
- Projector and screen installed.
- Technician provided inclusive within the hire fee.
- Air conditioned.

The Water Rats is superbly located in what is now a very vibey Kings Cross with unmatched transport links for London and beyond.

The venue also offers great food from its brand new kitchen.
